Govroam Wiki

Welcome to the Govroam Wiki where we hope you will find all the answers you're looking for.

If you're uncertain as to what Govroam is then please take a detour via our main site for background information, the Tariffs and various management information.

We have documentation for you: https://utilities.govroam.uk/boardingforms/boarding/visited - This for for sites signing up as Visited Only. For details see the FAQ.

Full Boarding form
- This for for sites signing up for the full service. For details see the FAQ.

Govroam Technical Specification v2
- Covers the technical requirements of the Govroam service, from the wireless configuration to the audit and logging commitments.

High Level Architecture
- An informal document which describes from first principles how Govroam works.

And a list of Frequently Asked Questions, including information on boarding, hardware, software and EAP types.

If you have any other questions then please contact at govroam@jisc.ac.uk.

We now provide some historical statistics about the service usage:
https://utilities.govroam.uk/govroamstats

Site administrators

If you're an existing Wiki user or have just joined Govroam then **Site administrators should start here** and login with either your registered account or via Google. If you haven't got an account then contact us at govroam@jisc.ac.uk and we'll generate one.
